

Financial Disclosure

As a patient you are responsible for knowing and understanding your insurance benefits. Here are a few things you should investigate prior to any procedure/treatment.

What is your deductible?

After your deductible is met, what is your co-insurance responsibility?

Do you have a co-pay with each office visit?

Do CT scans and MRI's require a pre-approval?

TESTING/PROCEDURES

Testing can be costly. Please be sure you have checked with your insurance company regarding your allergy benefits.
